

## Podcasting Checklist

Using Audacity or some other digital recorder, create your podcast. In your podcasts, address the following:

Requirements	Comments
The podcasts should be exported as either a .wav or .mp3 file.	
The podcast(s) should be a minimum of two minutes long.	
The podcast(s) should be presented in a clear speaking voice.	
Identify a SPECIFIC lesson/activity that a podcast could be used in your present classroom (where possible, this should be STUDENT-CENTERED).	
How does your use of podcasting meet KYTS 6?	
How does your use of podcasting meet the NETS*T?	
Using the assigned articles (research) or additional readings, give a rationale for using podcasts in your classroom OR for why a podcast could not be used in your classroom.	
The pace of speaking should be appropriate.	
Attach the podcast written version of the podcasts to the appropriate page of your wiki. The links to these should be appropriately named.	
The podcast is grammatically correct and the written version(s) is free of errors.	
A student-centered use of podcasting is given.
